

BIGHORN INSTITUTE

Bighorn Institute is a privately funded, 501(c)(3) nonprofit organization founded in 1982 and dedicated to the conservation of the world's wild sheep through research and education. Our focus is the endangered Peninsular bighorn in the Coachella Valley. Over the past 40 years, our captive breeding and wild population augmentation program has resulted in the release of 127 bighorn into the wild keeping two local herds from disappearing. We also monitor over 40 radio-collared wild bighorn from Palm Springs to La Quinta and advocate on their behalf. We are the only organization to do what we do. This event is our primary and thus vitally important annual fundraiser. To learn more, please visit our website: www.BighornInstitute.org
